MISSION STATEMENT

“The Mission of Sher Ali Khan & Co. is to provide superior quality general engineering construction services that are contracted, scheduled, engineered, and managed to create maximum value for our customers, owners, employees, and the community.” Our clients count on our dependability, our drive, and our integrity. We take great pride in our accomplishments and build on them every day.

INTRODUCTION

The Foundation of our Construction Business was laid by Mr. Sher Ali Khan S/o Dilbar Khan in the year 1995 by the name of M/S Sher Ali Khan & Company. We have our registered Head Office near police Station Saidu Sharif District Swat. We are well equipped with latest Machinery and Technical Staff for the execution of Mega Projects. We are well experienced in all kinds of Roads, buildings, Bridges and other Civil Works. Currently we are in the 26th year of our construction career.

Our Firm is registered with Pakistan Engineering Council in the category C-4. Apart from the registration with PEC, we are also registered with Works & Services Department KPK PAK-PWD & Sui Gas. We have successfully completed projects of millions with different departments all over Pakistan. The Mission of our firm is to serve the nation through quality work well in time.

The Firm is registered with:-

1. Registrar of Companies as Private Limited under the Companies Ordinance 1984.
2. Pakistan Engineering Council in Category C-4.
3. Registered with works & services, Sui Gas, PAK-PWD as A Class contractor.

Our extreme concern for the quality that we deliver is manifest from the fact that since our inception in 1995, we never received any adverse letter from any client regarding delay or defect in our performance.

We have sufficient steel shuttering, Machinery, As far as financial status of the company concerned is attached. We have very experience qualified Engineer, /Diploma Holder and Supervisor staff apart from self qualified.

Mr. Sher Ali Khan S/o Dilbar Khan, who is company's Chief Executive, is a qualified and experienced. He at his credit has the completion of a number of Power and Civil Engineering Projects. The company's management believes in the satisfaction of the Clients and achievement of high quality product in a reasonably short time. Our field of specialty of Civil Work, Erection, Road Communication and multi story buildings including all accessories.
